

As a resident of my local community I see a fundamental need for this FM translator service. It has such a profound affect on my life each day and those around me. In times such as these when there is so much confusion and uncertainty the community and individual needs this kind of lifeline each day. The information heard on K-Love, 90.5 FM promotes the best interests of the community. Please don't allow the LPFM to take priority. Please leave the FM translator service to continue doing the good work it currently is doing.
